Envision is seeking creative people to join our team!

Would you like to gain some marketable skills while also giving back to the community? Join our vision and partner with a non-profit organization that has served the most vulnerable people in Weld County for more than 50 years.

Envision provides services to people with intellectual and developmental disabilities (I/DD) from birth until end of life. We tailor services to meet individual needs by considering what is important to and important for people and families. Envision is the Community Centered Board for Weld County. Our primary funding source is Medicaid funding through a contract with the State of Colorado. We also receive State General Funds as well as City and County grants and private donations.

Mission:
To enhance the quality of life for people with intellectual and developmental disabilities in Weld County.

Vision:
Empowering people to live, love, work and play their way.

Envision is a Person-Centered Organization:
We take pride in the work and successes that have been realized in our efforts to become a Person Centered Organization (PCO). Person Centeredness is more than just changing language from “client” or “consumer” to person or people; it represents a change in how all people are viewed and empowered to direct their lives into what they would like it to be. Person Centered Thinking (PCT) is a philosophy; it is a belief that all people have the right and ability to make educated choices and direct what they want for their life. It considers what is important for and important to people. PCT provides many tools to help determine the best way to support someone in accomplishing their dreams and desires. As a PCO, we incorporate PCT skills, tools and practices into our everyday work and responsibilities at Envision. It has made all the difference in the lives of people we support.

Why get involved at Envision?
- To expand your knowledge-base of the non-profit industry
- For intellectual stimulation and challenges
- To advance a personal cause
- To enhance your resume
- To earn a letter of reference
- To improve your marketability
- For business development
- For professional development
- For personal growth
- To help people by sharing your gifts, skills and talents
- To give a voice to people who don’t always have a voice
- To gain a new perspective in empowerment for all people
- To give back to your local community
- We are a long-term, strong organization that is a cornerstone in Weld County

We are looking for people who are:
- Passionate and eager to learn new things.
- Consistent and energetic communicators.
- Creative thinkers or writers.
- Willing to follow our processes and procedures.
- Able to work independently once given a project.
- Reliable and follow through with tasks.
- Detailed-oriented and organized.
- Flexible and willing to do a variety of things.
- Mildly computer savvy and able to learn new programs or systems.

Potential tasks or projects:
- Designing or assisting in gathering information for communication and marketing materials including digital, print, video, or broadcast
- Event planning and execution.
- Building business-to-business vendor relationships.
- Public speaking or presentations to stakeholders.
- Community outreach.
